Our thriving Sixth Form caters for the diverse community that we serve providing a range of subjects and qualifications to suit all abilities including engaging vocational and demanding academic qualifications.

If you relish the opportunity to join us in our expectations of excellence, if you welcome opportunities for innovation and challenge, if you are excited to make a difference to children's lives, then we welcome your interest and look forward to your application.

The School

Caterham High School is a vibrant, inclusive, 6 forms of entry, 11–18 community school with approximately 1200 students on roll. Despite being a larger than average sized secondary nationally, locally, the school remains small, in comparison with the expanding secondary schools surrounding it, some of which have increased to 12 forms of entry. The manageable size of the school ensures that every student receives a personalised education and with only 6 forms of entry in each year, we know all the children really well.

The school offers an inclusive curriculum that caters for a comprehensive range of students both in the main school and Sixth Form. We are proud of the fact that our curriculum is both carefully tailored to the needs of our students, and also highly and increasingly academic.

The school serves an ethnically diverse community, the majority of students are from minority ethnic backgrounds. The proportion of students who speak English as an additional language (EAL) is above average - this is representative of the demographics of Redbridge. The school is committed to providing an outstanding, all round education for every child. We have an Ethnic Minority Achievement department that provides highly specialist teaching. Our EAL students are very successful, achieving high levels in their GCSEs.

The proportion of students for whom the school receives the pupil premium is above national average (about a third of students in the school). The school has put into place a number of initiatives and interventions and specialist support to close the gap and ensure all students achieve at Caterham High.

The proportion of disabled students and those with special educational needs supported through school action is similar to that in most schools. The proportion is about a tenth of the students in the school. The school has a supportive and committed learning support team. There is a high level of liaison and consultation between the members of the team and the curriculum and pastoral staff. A wide range of outside agencies work closely with the department to provide specialised support to students with more substantial barriers to learning.

The school proudly offers an outstanding provision for students with hearing impairments. Ofsted commented in 2014: "Hearing impaired students are well taught by teachers of the deaf and effectively supported". We employ several specialist Teachers of the Deaf, who are trained in signing and we use radio link amplification equipment to support students with their learning. Our experienced Support Assistants provide one-to-one assistance in the classroom and in small groups within acoustically treated rooms to ensure that hearing impaired students have full access to the curriculum and achieve well.

We have a delightful school site consisting of a campus of facilities with a central playground area. We have excellent sporting facilities (Astro turf, a gym, sports hall, and a swimming pool) as well as a dance studio and good drama facilities. The Sixth Form Centre, recently built, provides bespoke facilities including study areas and a 6th Form Only recreation area. Our Learning Resource Centre is widely used by subjects and ICT provision is good. Our caterers provide excellent breakfasts and lunches, and also cater for our special Year 7 Transition space, which is sited in the community centre. We are fortunate to have several "green spaces" that add to the ambience of the school.

Our Vision

The School's Vision Statement:

"Strive, Succeed, Surpass"

Excellent Provision

Our teaching is improving rapidly. Students achieve most when they enjoy their learning so we encourage active participation in the classroom. In striving for high standards of teaching, thorough preparation and extracurricular revision, our dedicated staff help students to succeed in examinations.

Success for Everyone

Caterham High School has a progressive and inclusive curriculum. At Key Stage 3 our students follow the National Curriculum and are taught in mixed ability tutor groups with setting in some subjects. Key stage 4 students follow a core programme but choose an options pathway appropriate to each individual. During the transition from Key Stage 3 to 4 students and families receive comprehensive support in their pathways and careers decisions to ensure students' future success.

In the Sixth Form, we offer an inclusive two and three year pathways with a mix of vocational and academic courses. 1 in 5 students receiving an unconditional offer from their university of choice.

Skills for the 21st Century

Our careers provision is very strong. We focus on developing career and life skills that enable students to make the most of future opportunities. ICT is used to bring the curriculum to life and to stimulate and engage students in their learning. Our students benefit from our strong provision in Sport and the Arts which we employ effectively to develop motivation, perseverance and integrity. We offer a wide range of extra-curricular activities which enable students to showcase their talents.

Positive Place to learn

The school is committed to maintaining a safe and positive environment that is conducive to learning. We foster an ethos that values respect, tolerance and co-operation – students value the relationships with staff. Strong pastoral care supports our students' personal development, builds their self-esteem and underpins their progress. Heads of Year (teachers) and Tutors remain with students throughout their school career, getting to know them really well and provide a clear point of contact for parents. Our Pastoral Care centre offers an alternative place to work, where guidance and advice is given to students who struggle with the expectations of acceptable behaviour in the school

Ofsted

Our most recent Ofsted report (Sept 2018) graded the school as Requires Improvement overall: RI in Outcomes and Teaching, Learning and Assessment but Good in Leadership and Management, Personal Development, behaviour and Welfare and 16 to 19 study programmes.

Ofsted praised the good leadership and the strong capacity to improve so we are confident that we are clear about what needs to improve and how this is to be done. Our
