

The Finance Department

The Finance Department is an integral department which plays a strategic role in supporting the school in meeting its objectives.

The Finance Department work closely together to provide a smooth, effective and efficient support service. Led by the Finance and Business Manager, the Finance Department has established well structured finance systems which are implemented to maintain good financial control and effective use of financial resources.

The Finance Department ensures that audit procedures are followed and support budget holders in obtaining value for money, thus maintaining a healthy financial position.

A busy and interactive office, the finance department is involved in all aspects of school life, which includes interacting with key stakeholders, including governors, staff, contractors, students, parent and carers

Teamwork is embedded in our culture and this is a fantastic opportunity to join a friendly team in an outstanding school, working 'In Harmony to Achieve Excellence'
