

Valentines High School – Sixth Form

The Sixth Form is a vibrant community with a strong emphasis on personal development. We offer an enrichment programme and many opportunities for our students to develop responsibility and leadership skills. There is a wide range of academic and vocational courses, all with excellent teaching and high standards of achievement. Progress is carefully monitored so that students can achieve their full potential, with over 90% of our Year 13's regularly going on to university. We offer a high level of support, with students, teachers and parents working together to ensure success.

Our Sixth Form students are bright and enthusiastic young people who have chosen to continue their education at Valentines or have been welcomed in to the Sixth Form from other schools.

The Sixth Form is housed in an excellent building, opened in September 2007 which provides dedicated facilities such as a large common room and well equipped private study centre. We have a lot to offer students and hope that you would like to be a part of an outstanding Sixth Form.
